Detailed Ateliers Program

These ateliers are meant for dancers, professionals or amateurs, as well as musicians or any interested person.

SPANISH DANCE OF THE GOLDEN AGE

Work on Golden Age Spanish dance described in the sources from the XVIth to the XVIIIth centuries, based in particular on the works of Esquivel, Jaque, González and Noveli.

Practice of the basic steps and arm movements, with or without castanets. Practice of the choreographic variations proposed in the mentioned sources. And finally, improvisation and composition exercises will be proposed, for a better understanding of the different dance types and their dynamics.

This year's Sundays Ateliers repertoire will be centered on studying *Canarios* by González as well as *Villano* by Jaque, González and Minguet. When this will be done, we will start the reconstruction of the *Hermosa* by Minguet.

The restitutions will be done applying to the arm movements from the Noveli figures and the González descriptions. The work concentrates on the dance technique, style, interpretation and, of course, on the relation between music and dance. We will also play **castanets** while dancing, for those who want.

A special attention will be payed for the men steps as Will will have Jaime Puente as a teacher for the first 4 Sundays.

All levels admitted.

NB: If you do not have castanets but you wish to play them, it would be useful to get a pair.
